Beautiful moss rock in a range of sizes are located on different areas of the ranch. The moss rock and flag stone could be a potential revenue source. Mature hardwoods including Oak and Hickory provide a nice canopy and cover for the wildlife and an abundant acorn crop for forage. Deep Branch Creek runs for about One and a half miles through the property. Three Corp overflow half-dams create sizable pools for abundant water supply for wildlife and fishing. The head waters of the deep Branch creek are from over 6 miles of tributaries and several miles of Bushy Creek water basin and its tributaries and underground springs.
